Donated by: Wine Into Water Program

Project Goal: Provide clean and sufficient water to people

Wells quantity and beneficiary number: 257 wells are built (255 wells for villager household, and two big wells for two schools) with benefiting 930 villagers and 187 students and teachers in four villages of Lezhi County, Ziyang City Sichuan Province .

Plaque Content: “Come, all you who are thirsty, come to the waters.” Isaiah 55:1

Description of the closest water source before this project:

The beneficiaries’ previous sources of water were from shallow wells dug in their fields. The well collects rain water and water that seep into the well from the paddy fields. The water was exposed to animal waste, pesticides and other agricultural chemicals, harmful to the villagers’ health and leading to serious illnesses.

Description of the countryside, the people and how they make their living:

Operation Blessing Well Project aims to provide clean and sufficient water sources to people in need. We dig wells to get drinkable water for poor people. This project started on April 24th 2007 in southwest of China and established an office in Chengdu city Sichuan Province. The wells we provide can radically solve the drinking water problems in the villages.

The village is under the governance of Lezhi County, Ziyang City in Sichuan Province. It is located approximately 106 kilometres away from Chengdu City, the capital of Sichuan Province. Lezhi County is the distressed county. The village is seated deep in the mountain making transportation inconvenient and difficult on the dirt tracks.

Their main sources of income are from the following:

1. Agriculture - paddy fields, corn, peanuts, sweet potatoes and other produces
2. Breed animals – raise pigs, cows, chicken, duck and fish
3. Migrant workers – able-bodied family members go into larger towns and cities to work. Currently, the number of villagers working outside in the cities, leaving the elderly and young children in the village.

The average annual income of a villager barely amounts to 1200 RMB (\$192).

List of Beneficiaries’ Names and Numbers:

Qingquansi village: 200wells, 200 families of 706 people

感谢信

董润华：

我校高山铺村小学地处偏远，条件较差，学校无自来水和自备水源，近有老师反映经常用水十分困难，要到500米远的一口村民废弃水井取水，水质差，存在较大安全隐患。去年下期，董润华同志为我校打了一口水井，安装电机、水管，修建了水槽，极大地方便了师生用水，解决了我们的实际困难。广大师生和家长对此赞不绝口，衷心感谢你们的善举，我们将铭记董润华同志的恩德，更加努力地工作和学习，以优异的成绩感恩你们，感恩社会。

此致

敬礼！
